together: a great team!

Malaga Corp. & You, the Entrepreneur: Malaga Corp. helps you present yourself in the most professional light by updating your web and print collateral. We help you reinvent yourself by identifying and presenting to your customer your strongest skills and special niche. We are your resource for the solutions that get you to the next phase.

Malaga Corp. & You, the Small Business Owner: Malaga Corp. provides you with tailored sales tools that allow you to compete for your market share. We help you understand your target market and potentially beneficial partnerships and alliances. We help you prepare yourself to take advantage of marketing and growth opportunities. We are your resource for solutions that increase your sales.

Malaga Corp. & You, the Software Developer: Malaga Corp. gets you to your fast tracked target goals on time. We learn your business and product thoroughly and quickly, and provide product manuals, user interface design, corporate identity manuals, automated demos and web applications. We are your resource for solutions that get you to market on time.

Malaga Corp. & You, the Large Organization: Malaga Corp. provides seamless integration of our services with your enterprise. Integrity, follow through in every phase of our responsibility to you and the highest quality finished product mean our work adds value to your product and organization. Our understanding of specialized systems along with a sensitivity to security make us your trusted resource for important projects.

clients say

Malaga, many thanks for your excellent assistance and quick turn around developing our database application. I especially appreciate your pro-active approach and professionalism. I look forward to working with you again. -Ellen, UC Berkeley

Thank you for building our website. We feel good about operating and expanding our site in your care! We are pleased with your attention to detail, your creativity, and your hard work and look forward to an ongoing relationship. -Deitra, Footprints

about us

Malaga Corp. was founded in 1995 in Berkeley, California to provide business, technical and marketing based solutions to businesses.

Our solid technical and business background helps us to understand new business systems and technologies, and apply or recommend solutions to increase their efficiency and value.

Malaga Corp.'s team of experienced professionals are dedicated to providing results. Our style of incorporating skill and knowledge from many areas to achieve the best all-around solutions has made us successful in helping many businesses identify and reach their goals.

Our commitment to excellence has guided us in maintaining a reputation for the best quality product and customer service. *Trust your next project to Malaga Corp.*
